Adventure Experience
MOUNTAIN BIKE / FULL DAY
Pisac and Beyond

Two wheels is the most exhilarating way to see the most of the Land of the Incas at the closest perspective.

The adventure begins with a trip across the Sacred Valley in our van, up to the amazing ruins of Pisac. For more than an hour, we explore this site, walking on centuries-old paths between stone ruins and getting to know the history of this place.

At the colonial town there is the famous market where inhabitants of different Andean communities come from far and near to sell and barter their products. We cross the bridge to start our bike ride, here, beside the Urubamba River, and continue approximately 40 km along a rural route, crossing the small farming communities of Taray, Lamay, Coya and Calca, where the principal crops are the famous white maize of Urubamba.

The routes we follow are almost all flat, and wind alongside the river which teems with herons, ibis and gulls who also accompany us on our journey. For lunch, we could stop at one of many colonial houses or in the shade of grand old trees we see along the way.

Our afternoon route, along the foothills of mountains, takes us on paths with rocks and pebbles here, the valley also narrows. We continue on routes that let us see, from above, the Huarán rapids and the communities of Huicho, Urquillos and Huayllabamba.
