Adventure Experience
ALL TERRAIN VEHICLES / FULL-DAY
The plateau of Chinchero and Maras

Kick up some dirt as your off-road vehicle rolls along mountain trails past fields of indigenous flowers crisscrosses overhead in the blue sky by kaleidoscopic birdlife. Take in breathtaking views over the Sacred Valley and wave hello to farmers tending their crops as we zoom across this exhilarating landscape.

This is a new excursion using these versatile ATVs, which allows us to visit routes, off the regular tourist path, where we find amazing landscapes and glimpse the everyday life of this region.

We meet in the lobby of Sol y Luna and leave by van to the Piuray Lake, near Chinchero where our ATVs are waiting. After a brief informational orientation on ATV operation and safety, we begin our journey on easy terrain so we can familiarize ourselves with these vehicles.

We visit the textile weaving communities of Cuper and Corcor, with their amazing views of Vilcanota mountains. We cross fields to Moray, where we can interact with the inhabitants who farm different varieties of potatoes and other tubers.

When we reach our second lake called “Huaypo”, an idyllic contemplative setting, we rest for refreshments and lunch.

In the afternoon we continue to the Moray archeological site, famed for its circular terraces where we suggest you spend some time exploring. From there on, we proceed to the ancient salt pans of Maras, where we end our excursion.

FULL DAY / THE PLATEAU OF CHINCHERO AND MARAS

Depart	08:00 am
Return	approximately 5:00 pm

NOTES:

A support vehicle will be near us at all times during this journey; it will also transport us to and from the hotel.
