Adventure Experience
MOUNTAIN BIKE / HALF DAY
Urubamba - Urquillos

Two wheels is the most exhilarating way to see
the most of the Land of the Incas
at the closest perspective.

This is an easy ride that takes us on paths through small villages towards the town of Urubamba then onward past the farms and fields of Chichubamba. From there, we cycle towards Yucay, Huayllabamba and Urquillos.

We ride on mostly rural routes with no traffic. Only when there is no alternative do we cycle on paved roads. This journey of approximately 16 miles (26 kilometers) crosses largely flat terrain, and is appropriate for beginners. It's an excursion into the everyday life of the valley, a chance to encounter villagers as they go about their usual tasks: working in fields, planting and tilling. Stunning views along the way are an added bonus.

As we roll into the town of Yucay, we will see some fine examples of ancient Incan terraces, as well as ruins of fine masonry from that period. Urquillos and Huayllabamba are typical agricultural towns that keep alive many longstanding cultural traditions.
