VALLE SAGRADO

**Culture Experience**  
**POTTERY WORKSHOP**

The Sacred Valley boasts a long history of ceramic traditions and at Sol y Luna, we are fortunate to count many contemporary potters among our neighbors. In this private, interactive gathering, they introduce this rich, indigenous practice and explain the evolution both in the designs they use and their methods of production. Participants are invited to join with our artisans in the different stages of the pottery making process and will take away the piece they produce as a memento of this in-depth cultural exchange.
